

Siliconelås til Neón Flex LED

Ref. B3250

Silicone fastener for high resistance 24V-DC Flex LED Neon. Use this small silicone piece to quickly and easily attach neon lights to walls or ceilings. It also serves as a complement to metal clips. They are very easy to use; attach one side to the wall with a nail or screw, and then adjust the rubber to the neon and fasten the other side through one of the available holes for that purpose.
