

160° round PIR wall motion sensor

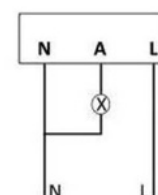

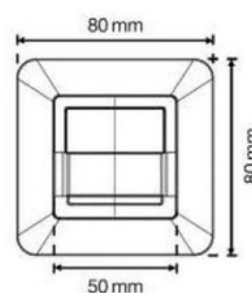

Ref. S3135

Motion sensor with a 160° detection range. Highly sensitive detector, allowing for significant energy savings. Automatically identifies day and night and operates using infrared technology to detect motion. Adjust the ambient work light. Detection up to a distance of 8 meters, for devices of up to 500W for incandescent fixtures and 200W for LED technology. Easy automation sensor for lighting. Wall sensor ideal for automating lights in stairways, hallways, garages, or bathrooms almost instantly. Exclusive for indoor use with IP20 protection rating.

Product data

Certs	CE, ROHS
Energy efficiency class	A+ (2021)
