

Single-phase rail adapter connector for luminaires

Convert your lamps into a track light , thanks to the single-phase track power adapter . Made from fire-retardant thermoplastic, with copper connection, dimensions of 64x28mm. Easy connection of the lamp cable and quick installation to the track. The track adapter will allow you to combine all types of LED fixtures including spotlights, downlights, pendant lights, and emergency lights with a single power line by installing a surface-mounted single-phase track . Available in white and black. Buy the rail with ref. BTM-200 (see related products below)
