

Flexible monochrome LED Wall washer 24V DC - 5 meters - 2700K - IP67

The flexible waterproof solid color swimsuit is an ideal solution for architectural lighting in commercial and residential environments. Its flexible design allows installation at curved angles, providing asymmetric lighting with a 15 x 45° beam angle. With a high color rendering index (CRI≥80), it ensures accurate color reproduction. Thanks to its IP67 protection rating, it is suitable for various outdoor lighting projects, such as facade decoration, arches, and backlighting for letters and advertising signs. Although it allows custom cuts, its total watertightness is not guaranteed. Tone: warm white (2700K).

IP67

Product data

Light temperature	2700°K (use)
Opening angle (°)	15° - 45°
Certs	CE, ROHS
CRI	80-85
Dimensions (mm) LxWxH	22.7 x 5000
Efficiency (Lm/w)	124
Guarantee	According to legal warranty: 3 years
IP	IP67
Kelvin (K)	2700
# Chips per meter	42
Power/m (W/m)	20 watts per meter
