

Flexible RGB LED Wall washer 24V DC - 5 meters - IP67

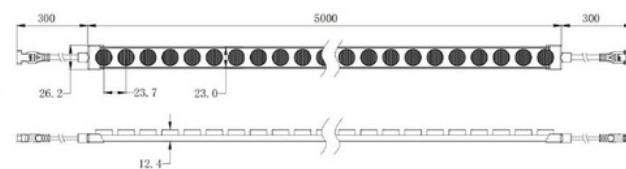

Ref. B1939-RGB

The flexible waterproof RGB light is a versatile solution for architectural lighting in commercial and residential environments. Its flexible design allows for installation at curved angles, providing asymmetrical lighting with a 15 x 45° beam angle. Thanks to its IP67 protection rating, it is suitable for various outdoor lighting projects, such as facade decoration, arches, backlighting of letters, and advertising signs. Although it allows for custom cuts, total airtightness is not guaranteed. * It can be cut every 7 modules
