KIT Garden stake + Bulb GU10 LED 5W in green

Ref. B1942-GU10-VE

LED Garden Stake + LED GU10 5W Bulb in green. The garden stake is a type of spike that you can drive into soft grounds like soil or sand. They are ideal for inserting into plants, grass, and soil in outdoor areas such as gardens, parks, terraces, patios, and beach bars. Illuminate, decorate, and signal with this high-impact resistant stake that withstands weather changes. A GU10 is the most common type of light bulb found in most homes and offices today. GU10 refers to the type of connection, which means the two short pins (anchor points) that protrude from the base of the bulb.

Product data
