Flexible LED neon RGB 24V DC- 12X12mm - 10 meters - Complete kit - 11W/m - IP67 - Vertical curvature

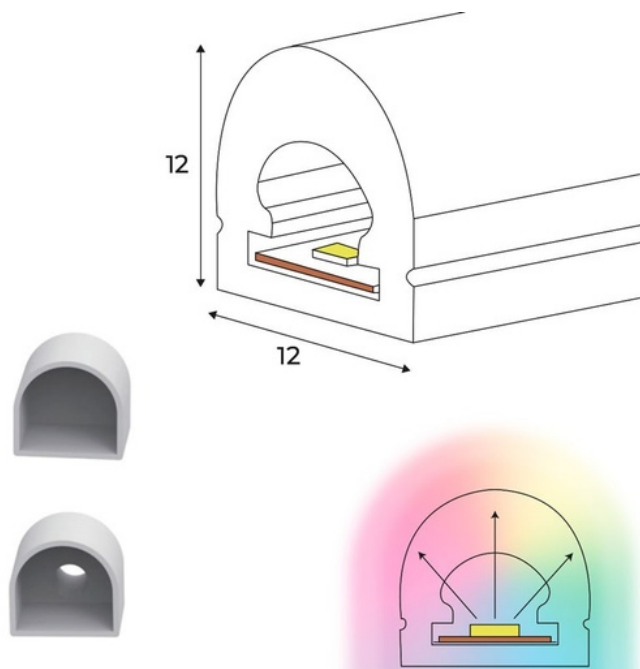

Ref. N1212-10M-RGB

Our flexible RGB LED neon is the best option for achieving highly impactful decorative lighting. It adapts to various surfaces, offering enormous versatility to bring any design to life. Thanks to its high LED chip density (120 chips/m), it ensures powerful, stable, and uniform lighting. Its curved design provides a light emission angle of 180°, superior to other neon lights. It emits light from its upper face, allowing rotation in the vertical plane. It is made with a silicone tube resistant to UV radiation and also has an IP67 protection rating, which enables its use outdoors and ensures its durability. **The kit includes 20 staples + 4 caps (2 initial and 2 final)**

Product data

Light temperature	RGB (use)
Opening angle (°)	180
Certs	CE, ROHS
Dimensions (mm) LxWxH	10000 times 12 times 12
Cut distance (mm)	50
Guarantee	3 years
IP	IP67
Material	Silicone
# Chips per meter	120
Power/m (W/m)	11
Nominal Voltage (V)	24V DC
Type of LED	SMD 2835
Key	RGB
Outdoor Use	If
