

Aluminum profile for recessed LED strip with diffuser - 2 covers - 21x26mm - IP54 - 2 meters

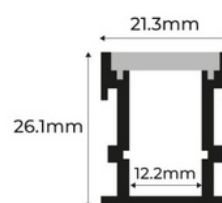

Ref. KPERF21X26-P

The recessed aluminum profile offers a versatile, modern, and functional lighting solution for various applications where the LED strip is desired to be concealed. It features a silver finish and a white opal diffuser. It allows for the placement of LED strips $\leq 12\text{mm}$, and due to its IP54 protection rating, it is suitable for outdoor use. It can be used to illuminate driveways, hallways, staircases, or simply for decorative purposes, among many other possible applications. ** Includes white opal diffuser and 2 caps (with and without hole) **
