

Ultra slim power supply 12V - 18W - IP20

Ref. SSL-18-12

Ultra-thin 18W power supply with high efficiency. It is designed to power LED fixtures with a voltage of 12V and a maximum of 1.5A. Due to its slim design, at only 1.8cm in height, it is particularly useful when space for installing a fountain is limited. It is perfect for advertising light boxes or lightboxes, signage, and linear luminaires.
