

Ultra slim power supply 12V - 72W - IP20

Ref. SSL-72-12

Ultra-thin 72W power supply with high efficiency. It is designed to power LED lights with a voltage of 12V and a maximum of 6A. Due to its slim design, with a height of only 2.2cm, it is especially useful when space for installing a fountain is limited. It is perfect for advertising light boxes or lightboxes, signage, and linear lighting.

Product data
