

Flexible silicone sleeve to convert LED strip to neon - 10x10mm - 5 meters - Vertical curvature

Ref. WOS1010-E

10x10mm recessed silicone housing that allows you to convert any 8mm wide LED strip into a flexible neon. Available in a length of 5 meters, it has a guide inside to facilitate the installation of the LED strip. Designed for vertical curvature, ideal for creating contours. To create shapes or letters, we recommend the reference WOS1616-S. ** DOES NOT include LED strip, staples, or caps**
