

Single colour Amplifier/repeater - Tri-proof 12-24V DC - 6A/channel - IP67

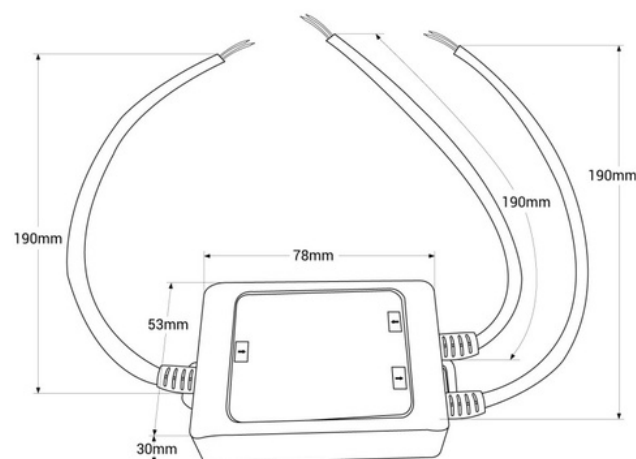

Ref. B1625-MONO-IP67

Signal amplifier for LED strips and single color LED fixtures of 12-24V. Allows you to extend the length of adjustable LED strip installations using a single controller. The regulation signal will be prolonged linearly and without delays, ensuring optimal performance at all times. Due to its IP67 protection rating, it is a product suitable for outdoor use.
