

LED Grow Light - 250W - Dimmable 0-10V - Full Spectrum

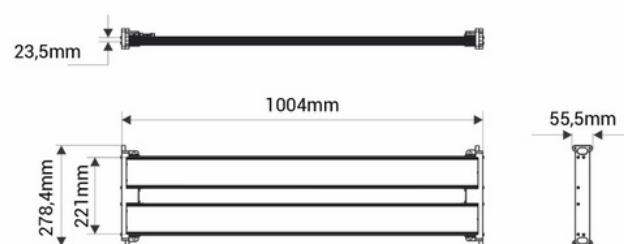

Ref. G400-250W

High-performance LED grow light specially designed for indoor plant cultivation. Equipped with Sanan LED chips and a 0-10V dimmable driver, it emits full spectrum light that allows for plant growth and flowering in the absence of natural light. Its efficient design minimizes heat emission, preventing damage from burns or dehydration in the plants. Includes cable with plug for an easy installation. PPE: 2.9 - 3.5 $\mu\text{mol/J}$ PPFD max. at 30cm: 1237 $\mu\text{mol/s/m}^2$

Product data

Opening angle (°)	120
Certs	CE, ROHS
Energy efficiency class	D
Dimensions (mm) LxWxH	1004 X 278.4 X 55.5
Dimmable	Yes
Efficiency (Lm/w)	150
Guarantee	According to legal warranty: 3 years
IP	IP54
Lumens (Lm)	37500
Power (W)	250
Control system	1-10V DC
Nominal Voltage (V)	85 - 275 V/AC
Type of LED	SMD 2835, CHIP San'an
Outdoor Use	If
Recommended Use	Crops
Service life (h)	50000
