

WATERTIGHT "T" CONNECTOR 3 POLES IP67

Ref. A0011

Sealed junction box 3 poles 2.5mm2 IP67. It is made of nylon, which gives the sealed connector a high resistance to varying climatic conditions. In addition, it is waterproof and resistant to both moisture and dust, thanks to its high protection rating of IP67. It enables any connection to be made easily, quickly, and safely, bridging the power supply connections.
