

Adapter for E27 LED bulb with PIR 360° motion sensor IP20

Ref. S1050

Adapter for LED bulb E27 with built-in PIR motion sensor and 360° detection angle by infrared. The perfect solution to efficiently control lighting activation solely by detecting motion. No installation, no wiring. Automatically identifies day and night (adjustable). E27 230V - Max. 60W Ø56x158mm PIR ∠ 360° ⇔ 0-7m IP20

Product data

Detection angle (°)	360
Cap	E27
Certs	CE, ROHS
Energy efficiency class	A+ (2021)
Connectivity	PIR
Dimensions (mm) LxWxH	Ø56x158
Frequency (Hz)	50 - 60
Frequency of Use	Intensive
Guarantee	According to legal warranty: 3 years
IP	IP20
Material	Plastic
Orientable	No
Maximum power (W)	60
Detection range (m)	0-7
Temperature range	-20°F ~ +40°F
Nominal Voltage (V)	230

Outdoor Use	No
