

## Lamp holder for E27 LED bulb with PIR 180° motion sensor IP44

### Ref. S1051

Directional lamp holders for LED E27 bulb with built-in PIR motion sensor. Easy to install, they convert your light points into efficient lamps that activate only when motion is detected. The PIR sensor can distinguish between day and night, activating only when desired, according to the chosen settings. Perfect for areas with sporadic traffic. IP44 protection, can be installed in bathrooms, damp areas, and covered outdoor spaces. E27 230V - Max. 150W Ø113x143mm 0-12 months ∠ 180° IP44
