

Let the Sun Warm Your Home

Schedule a time for your curtains, such as opening them automatically at sunrise. Let you bathe in the fresh air and wake up in the warm sunshine.

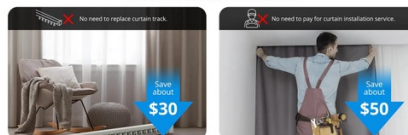

One device meets different use scenes

Suitable for various family curtains, one device can work for both single-side opening and double-side opening curtains! Save your time thinking about how to make your curtains smart!

One-time fee from purchase to installation

Help you to retrofit the original curtain, avoiding the replacement of the original curtain track like traditional electric curtains.

SONOFF Intelligent Curtain Motor - Zigbee - 5V DC/1A

Ref. SONOFFZBCURTAIN

Pametni SONOFF Zigbee motor za zavjese dizajniran je za automatizaciju kontrole zavjesa. Omogućuje kontrolu s bilo kojeg mjesta putem kompatibilne mobilne aplikacije, daljinskog upravljača ili glasovnog naredbe. Moguće je programirati specifične rasporede za otvaranje i zatvaranje zavjesa, prilagoditi njihov položaj i tako kontrolirati količinu svjetlosti koja ulazi u dom. Ovo također omogućuje kontrolu zavjesa putem drugih pametnih uređaja. Lako se instalira, ne zahtijeva nikakve promjene na trenutnoj zavjesi niti korištenje alata. Motor velike brzine može pomjerati zavjese težine do 8 kg i uključuje punjivu bateriju od 4000mAh, s dugim trajanjem.

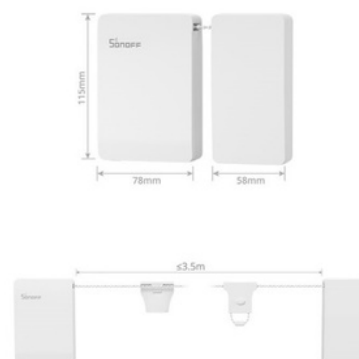

Long Battery Life and Easy to Charge

Using 4000mA lithium battery, after fully charged, it can be switched on and off twice a day for up to 3 months of use. It can also be charged all the time to keep the battery fully charged at all times.
