

Aluminum profile for LED strip wall washer 66x120mm (2m)

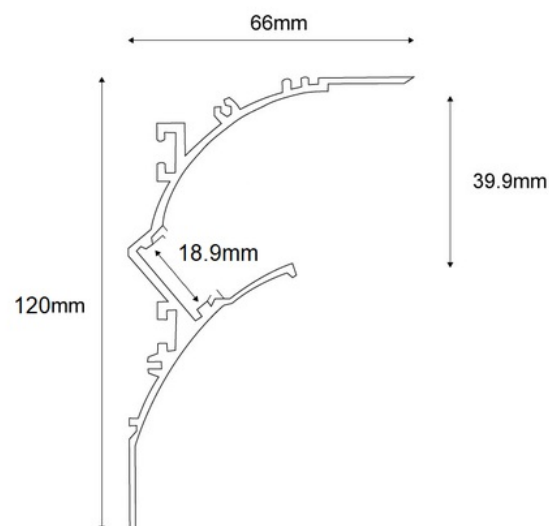

Ref. BPERFALP194

De 2m langen Aluminiumprofil fir Uewerflächen ass eng ganz nützlich Mauerbad fir eis LED Stripen, wann mir d'Intentioun hunn, de Plafong vun eise Wunnengen ze beleuchten an ze betounen. Si gesi super aus, zum Beispill, an Museeën an Konschtgalerien, obwuel si och perfekt sinn, fir eis Wunnplazen ze beleuchten an eng minimalistesch a modern Atmosphär ze schafen. Et ka och als dekorativt Element oder indirekt Beleuchtung op leere Wänn benotzt ginn. - Placken an LED net abegraff -
