

Function introduction

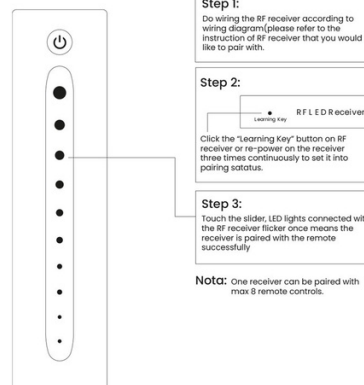

SUNRICHER single-color RF dimmer for LED lighting - Perfect RF

Ref. SR-2833TS

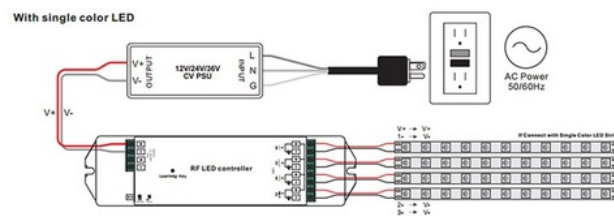

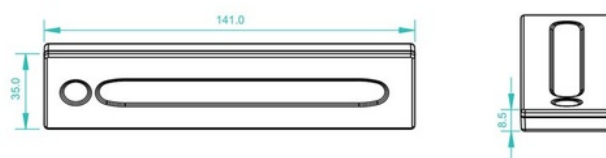

Perfekt RF-kontroller fra merket Sunricher, for monokromatisk LED-belysning. Denne kontrolleren er egnet for regulering av temperaturen i LED-striper. Den kontrollerer 1 sone med en dimmeradius fra 0,1% til 100%. RF-kontrolleren har en ultra-sensitiv berøringskontroll, jevn dimming uten flimring, og en kontrollavstand på over 20 meter.

Pair with RF receiver
